Fixed cassette design

What is The Long Backplate UAP DUO Front Door Handle

The DUO door handle has a lever that is curved to the door, making it compliant to DDA (Disability Discrimination Act) regulations, making it ideal for applications where aesthetics and compliance are key. As the DUO handle is not BSI Kitemarked, we recommend fitting the Kinetica 3* Kitemarked Euro Cylinder with it in order to achieve a 3* Kitemark status for PAS 24 doors.

The UAP DUO Front Door Handle

The DUO door handle has a 243mm long backplate and is aimed at the fabricator who wants to offer a high-quality designed door handle. The DUO door handle has a tube-shaped handle, which gives a very comfortable grip when operating.

As the DUO handle suits all needs - working as an attractive high quality lever handle whilst being DDA/EA compliant – it allows fabricators to carry just one handle in stock to satisfy a number of different applications.

Handle complies with DDA/EA regulations

Has a 243mm long backplate

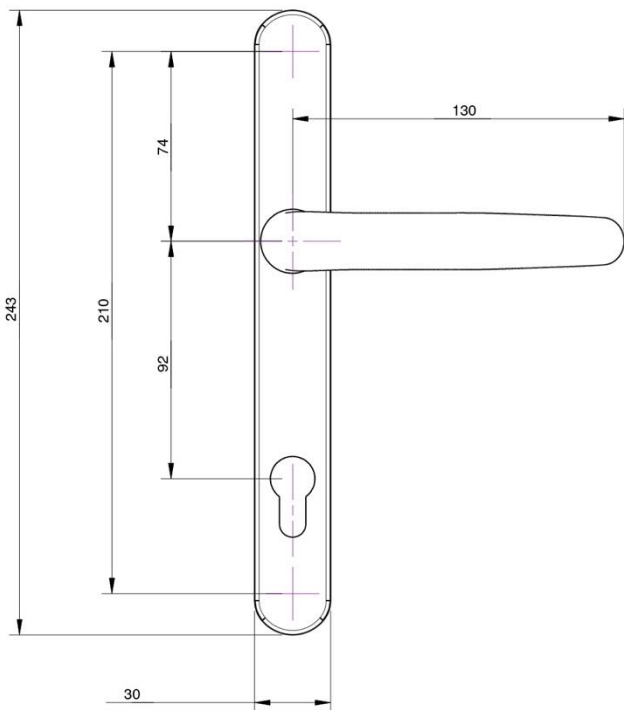

Each handle comes with a LIFETIME coating guarantee!

Tube handle gives a very comfortable grip when operating

Salt spray tested to ASTM B117 for 2,000 hours
