

KINETICA FREEZEGUARD

SECURITY YOU
CAN TRUST
PROTECTION
YOU DESERVE

uaplimited.com

Break-in techniques
are increasingly
sophisticated,
**prompting security
standards to evolve**

The latest security
tests introduce
**advanced
freezing and
gluing resistance
assessments**

The industry now
has a higher benchmark
for security in PAS24
as part of the Secure by
Design and BSI Kitemark
accreditation processes

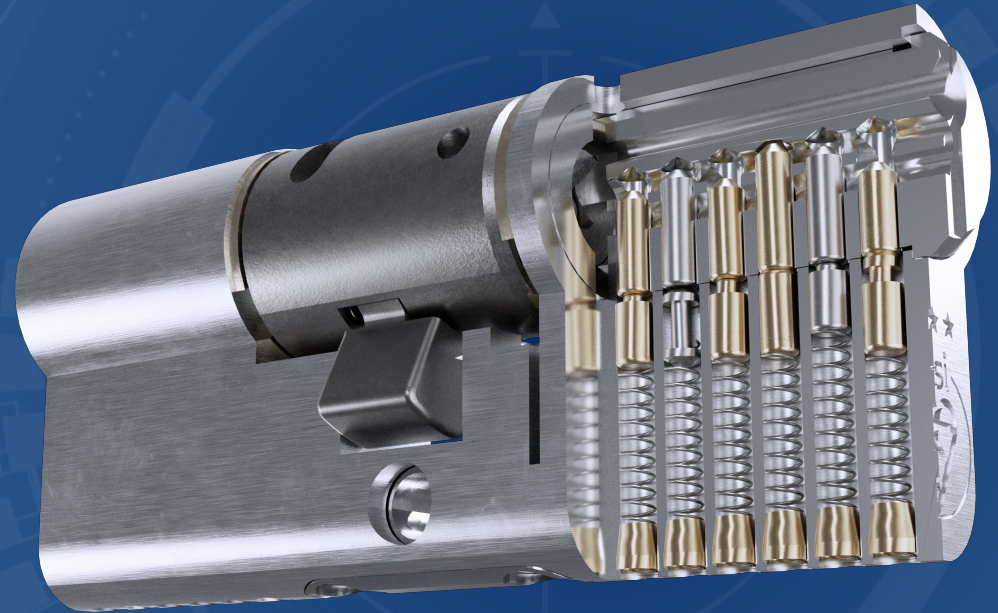

OUR COMMITMENT

As experts in door and window security, we exist to drive progress in security hardware that helps secure the spaces that matter most
