

Cranked Espag Window Handle

Made from Robust Zamak Material

Comes with a 5-year coating guarantee

Lockable design with screws and caps

35mm spindle and 43mm screw hole centres

Cranked Espag Window Handle

The Cranked Espag Window Handle is aimed at the fabricator who wants to offer a high-quality designed window handle, ideal for uPVC windows. Each window handle, designed for the operation of espagnolette and shootbolt mechanisms, is made from Zamak and it is available in 3 different finishes, with both right hand and left-hand versions, allowing you to offer different solutions for a wider range of windows. Each Cranked Espag Window Handle can be locked and only opens when pushing the button, offering extra security. These window handles have a 35mm spindle and 43mm screw hole centres and come with a 5-year coating guarantee. Each product comes with screws and caps, and we also have spare keys available if required.
