

Door Viewers

Enhanced door security

Tested to DHF TS002:2009 standards

Easy installation

Featuring three plastic lenses for optimal visibility

Suitable for wooden and composite doors

Essential Security Accessory

The 12mm Wooden and Composite Door Viewer is an essential security accessory designed to enhance home safety by allowing you to check who is outside before opening your door. This door viewer is particularly useful for homeowners who prioritise security, as it provides a discreet yet effective way to verify visitors. Equipped with three high-quality plastic lenses, it delivers a clear and wide-angle view, ensuring you can see a broad area outside your door. Whether you are expecting a visitor or simply want to assess any unexpected callers, this viewer offers peace of mind by giving you a clear perspective before making a decision. Additionally, it is designed for easy installation, making it a practical security upgrade for any household.

Meets Industry Standards

Tested to DHF TS002:2009 standards, this door viewer meets stringent security and performance criteria, ensuring long-lasting reliability. It is specifically designed for use with both wooden and composite doors, making it a versatile solution for various home setups.

The robust construction ensures durability, while the sleek design blends seamlessly with different door styles. By installing this viewer, you add an extra layer of security to your home, helping to deter potential intruders or unwanted visitors. Whether for residential or commercial use, this door viewer provides a simple yet effective way to enhance door security without compromising on aesthetics.
