UAP D-Shaped Pull Handle

UAP D-Shaped pull handles are manufactured from high-grade stainless steel, offering durability and corrosion resistance. Showcasing a stylish satin finish with an attractive D-shaped curve, these pull handles are suitable for commercial environments and a variety of domestic spaces. Each handle is salt spray tested to 1,000 hours which is equivalent to 10 years!

Part of the Nanocoast Range

The UAP D-shaped pull handle is part of the Nanocoast Range and is backed by a **LIFETIME** coating guarantee, offering peace of mind for coastal and harsh weather conditions.
