Designed for Timber Doors

The UAP Fire Rated Door Hinges are versatile butt type hinges which have been designed for timber doors and fit either on the left or on the right side of a door. Though many consider the hinges to be simply what holds the doors in place they play a major role in door security. This special door hardware goes far beyond the obvious and its durability and overall strength is essential to ensuring that intruders stay out.

Fire rated Door Hinges

These fantastic Fire Rated Door Hinges are 44mm and have not only been tested in accordance with EN1935:2002 standards, but they also meet testing standards for both FD30 and FD60.
