

Door Handle Guarantee:

Allegion Safety & Security Solutions Ltd distribute a wide range of door handles, made from aluminium, zamak and stainless steel (Nanocoast).

The door handles are available in a range of colours, and we guarantee the door handles and finishes against the following:

Surface Coating Failure

Coating Guarantee = the sooner of “the guarantee supplied for the door or window from the manufacturer” or “5 years inland” on aluminium and zamak based door handles or “Lifetime” on Nanocoast stainless steel based door handles.

We guarantee that the door handles will not tarnish on the door for the guarantee period given above subject to;

1. The door handles are applied to a door or door panel, and no item of door furniture on the door or door panel are sealed or fixed using any form of silicone sealant or the like.
2. The door handles are fixed correctly and the right way around using the correct fixings, and are not scratched or damaged at any time during the installation process or thereafter.
3. Nanocoast 316 grade stainless steel based door handles are cleaned with a lemon based very mild soap solution and a soft cloth once a month, or every 2 weeks in areas of high sea salt such as coastal areas. At no point should any form of cleaning agents be used.
4. Aluminium and zamak based door handles are installed inland (defined as 25 miles from the coast or 5 miles from highly populated industrial areas) and are cleaned monthly with a moist cloth. At no point should any form of cleaning agents be used.
5. No claim will be accepted for any door handle that is scratched or mutilated or fitted incorrectly.
6. The guarantee only applies if the door handle is fixed to the original door for which it was bought and fitted by the installer. The guarantee will cease immediately if the door handle is removed from the original door or door panel.

Mechanical Failure

Mechanical Guarantee = the sooner of “the guarantee supplied for the door or window from the manufacturer” or “5 years inland” on aluminium and zamak based door handles or “10 years” on Nanocoast 316 grade stainless steel based door handles.

We guarantee that the door handles will not fail mechanically the door for the guarantee period given above subject to the conditions outlined above.

Claiming Under the Guarantee

Every product must be inspected before they are fitted on to a door, window frame or door panel for any defects. If any defects are found then the product must not be fitted and the fault reported immediately to Allegion Safety & Security Solutions Ltd. Any product fitted is assumed to have been inspected and approved as being fit for purpose.
